Bad Moon Rising Eb

Creedence Clearwater Revival

I see a bad moon a-rising, I see trouble on the way
I see earthquakes and lightnin', I see bad times today
Don't go 'round tonight, it's bound to take your life
There's a bad moon on the rise

I hear hurricanes a-blowing, I know the end is coming soon
I fear rivers over flowing, I hear the voice of rage and ruin
Don't go 'round tonight...

I hope you got your things together, I hope you are quite prepared to die
Look's like we're in for nasty weather, one eye is taken for an eye
Don't go 'round tonight...

Blue Moon Bb

Richard Rogers

Blue moon, you saw me standing alone
Without a dream in my heart, without a love of my own
Blue moon, you knew just what I was there for
You heard me saying a prayer for someone I really could care for
And then there suddenly appeared before me
The only one my arms will ever hold
I heard somebody whisper "Please adore me"
And when I looked, the moon had turned to gold!
Blue moon, now I'm no longer alone
Without a dream in my heart, without a love of my own

Bring Me Sunshine G

Lyrics: Arthur Kent & Nacio Herb Brown

Music: Sylvia Dee & Arthur Freed

Verse 1:

Bring me sunshine in your smile,
Bring me laughter all the while,
In this world where we live, there should be more happiness,
So much joy you can give to each brand new bright tomorrow
Make me happy through the years,
Never bring me any tears,
Let your arms be as warm as the sun from up above,
Bring me fun, bring me sunshine, bring me love.

Verse 2:

Bring me Sunshine in your eyes,
Bring me rainbows from the clear blue skies,
Life's too short to be spent having anything but fun,
We can be so content if we gather little sunbeams
Be light-hearted, darling, all day long,
Keep me singing a happy song,
Let your arms be as warm as the sun from up above,
Bring me fun, bring me sunshine, bring me love, sweet love
Bring me fun, bring me sunshine, bring me love, sweet love
Bring me fun... bring me sunshine... bring me love, (so come on, bring me love)

(Mash-up)

*I'm singin' in the rain, just singin' in the rain
What a glorious feeling I'm happy again
I'm laughing at clouds so dark above
The sun's in my heart and I'm ready for love
Let the stormy clouds chase everyone from the place
Come on with the rain, I've a smile on my face
I'll walk down the lane with a happy refrain
And singin' just singin' in the rain*

Do It Now! Em

We need to wake up, we need to wise up,
We need to open our eyes and do it now! Now! Now!
*We need to build a better future,
And we need to start right now*

We're on a planet that has a problem
We have to solve; get involved and do it now! Now! Now!
*We need to build a better future,
And we need to start right now*

Make it greener, make it cleaner,
Make it last, make it fast, and do it now! Now! Now!
*We need to build a better future,
And we need to start right now*

Where are we bound?
Your singing voices lift my heart;
Here is my home.

Where are we bound?
Come morning, come night
Here is my home.

Verse 2: For those who work in harmony,
Can learn to live in unity;

Verse 3: If we can join ourselves in song,
Our hearts will live when we are gone;

Verse 4: The spirit that finds music here
Will sing forever in the air

Look all around, there's nothing but blue skies
Look straight ahead, there's nothing but blue skies

Bright (bright) sunny day

Last Night I Had the Strangest Dream Bb

Ed McMurdy

Last night I had the strangest dream I ever dreamed before
I dreamed the world had all agreed to put an end to war
I dreamed I saw a mighty room, and filled with women and men
And the paper they were signing said they'd never fight again

And when the papers all were signed and a million copies made
They all joined hands and bowed their heads, and grateful prayers were prayed
And the people in the streets below were dancing round and round
And guns and swords and uniforms were scattered on the ground

Lean On Me C

Bill Withers

Sometimes in our lives we all have pain, we all have sorrow
But if we are wise, we know that there's always tomorrow

*Lean on me, when you're not strong
And I'll be your friend; I'll help you carry on
For it won't be long 'til I'm gonna need somebody to lean on*

Please swallow your pride, if I have faith you need to borrow
For no one can fill those of your needs that you won't let show

Lean on me...

*You just call on me brother, when you need a hand
We all need somebody to lean on
I just might have a problem that you'll understand
We all need somebody to lean on*

If there is a load you have to bear that you can't carry,
I'm right up the road, I'll share your load if you just call me.

*Lean on me...
You just call...
Lean on me...*

Leave it In the Ground C

Dave Camlin

You can... / burn it in a furnace, you can / throw it on the fire
You can / stand around and cheer as the / flames grow higher,
A / bumper bag of carbon might / fetch a thousand pound,
But the / best thing you can do with coal is / leave it in the ground.

*Leave it in the ground, oh leave it in the ground
Deep beneath the earth where it never will be found
We undertook some research in country and in town:
The best thing you can do with coal is leave it in the ground.*

Now... / Carbon burnt in oxygen pro/duces CO2
But / at this point in hist'ry, that's a / foolish thing to do
'cause / warming up the atmosphere brings / jeopardy all around
So the / best thing you can do with coal is / leave it in the ground.

*Leave it in the ground, oh leave it in the ground
Deep beneath the earth where it never will be found
We analysed the data, the findings may astound:
The best thing you can do with coal is leave it in the ground.*

We... / listened to some scientists who / seemed to have a clue,
It / didn't take us long to / work out what to do,
We / reached a few conclusions, / some of them quite profound;
The / best thing you can do with coal is / leave it in the ground.

*Leave it in the ground, oh leave it in the ground
Deep beneath the earth where it never will be found
Leave it where you found it, put that carbon down!
The best thing you can do with coal is leave it in the ground.*

It's... / fuelled our economies for / many many years
But / now we need alternatives and / better green ideas,
There's / nowhere you can live on a / world turned upside down
So the / best thing you can do with coal is / leave it in the ground.

*Leave it in the ground, oh leave it in the ground
Deep beneath the earth where it never will be found
We want to dig a coal mine: everybody frowned.
The best thing you can do with coal is leave it in the ground.*

*Leave it in the ground, oh leave it in the ground
Deep beneath the earth where it never will be found
Otherwise catastro-phe is where we're bound;
The best thing you can do with coal is leave it in the ground.*

Let's Work Together G

Canned Heat

United we stand, divided we fall
Come on now people, let's get on the ball and work together
Come on, come on let's work together, now now people
Because together we will stand, every boy, girl woman and man

There's more that unites us, more that we share
More to achieve when we're working together, work together,
Come on, come on let's work together...

We all want employment, dignity, pride
We all want a planet where our children can thrive, let's work together...
Come on, come on let's work together...

Make someone happy, make someone smile,
Let's work together and make life worthwhile, let's work together,
Come on, come on let's work together...

Mercedes Benz C

Janis Joplin

O Lord won't you buy me a Mercedes Benz?
My friends all have Porsches, I must make amends.
Worked hard all my lifetime, no help from my friends,
O Lord won't you buy me a Mercedes Benz

O Lord won't you buy me a colour TV?
UPS and Amazon are trying to find me,
I wait for delivery each day until three
O Lord won't you buy me a colour TV?

Oh Lord, won't you buy me a night on the town?
I'm counting on you, Lord, please don't let me down.
Prove that you love me and buy the next round,
Oh Lord, won't you buy me a night on the town?

Moon River F

Henry Mancini

Moon river, wider than a mile, I'm crossing you in style some day
Oh, dream maker, you heart breaker, wherever you're goin', I'm goin' your way
Two drifters, off to see the world, there's such a lot of world to see
We're after the same rainbow's end, waitin' 'round the bend
My huckleberry friend, moon river, and me

Roll The Old Chariot Along

And a drop of Nelson's blood wouldn't do us any harm (x3)
and we'll all hang on behind
And we'll roll the old chariot along (x3)
and we'll all hang on behind

- v2 And a plate of Irish stew wouldn't do us any harm,
- v3 Oh, a nice watch below wouldn't do us any harm...
- v4 Oh, a good night ashore wouldn't do us any harm...

Rolling Home D

John Tams

Round goes the wheel of fortune, don't be afraid to ride
There's a land of milk and honey waits on the other side
There'll be peace and there'll be plenty, you'll never need to roam
When we go rolling home, when we go rolling home

*Rolling home, when we go rolling home, when we go
Rolling, rolling, when we go rolling home.*

The gentry in their fine array, they prosper night and morn
While we unto the fields must go to plough and sow the corn
The rich they steal the power, but the glory's ours alone
When we go rolling home, when we go rolling home

The frost is on the hedgerow, the icy winds do blow
While we poor weary labourers strive through the driving snow
Our dreams fly up to glory of where the lark has flown
When we go rolling home, when we go rolling home

The summer of resentment, the winter of despair
The journey to contentment is set with trap and snare
Stand to and stand together, your labours yours alone
When we go rolling home, when we go rolling home

So pass the bottle round and let the toast go free
Here's a health to every labourer wherever they may be
Fair wages are now or never, let's reap what we have sown
When we go rolling home, when we go rolling home

Sing, John Ball Eb

Who'll be the lady, who will be the lord
When we are ruled by the love of one another?
Who'll be the lady, who will be the lord
In the light that is coming in the morning?

*So, sing, John Ball and tell it to them all
And long live the day that is dawning
I'll crow like a cock, I'll carol like a lark
In the light that is coming in the morning*

Eve is the lady, Adam is the lord
When we are ruled by the love of one another
Eve is the lady, Adam is the lord
In the light that is coming in the morning

All shall be ruled by fellowship, I say
When we are ruled by the love of one another
All shall be ruled by fellowship, I say
In the light that is coming in the morning

Labour and spin for fellowship, I say
Labour and spin for the love of one another
Labour and spin for fellowship, I say
In the light that is coming in the morning

Sit Down C

I sing myself to sleep, a song from the darkest hour
Secrets I can't keep in sight of the day
Swing from high to deep, extremes of sweet and sour
Hope that God exists, I hope, I pray
Drawn by the undertow, my life is out of control
I believe this wave will bear my weight, so let it flow

*Oh sit down, oh sit down, oh sit down, sit down next to me
Sit down, down, down, down, down in sympathy*

Now I'm relieved to hear that you've been to some far out places
It's hard to carry on when you feel all alone
Now I've swung back down again, it's worse than it was before
If I hadn't seen such riches, I could live with being poor

Those who feel the breath of sadness,	<i>sit down next to me</i>
Those who find they're touched by madness,	<i>sit down next to me</i>
Those who find themselves ridiculous,	<i>sit down next to me</i>
In love, in fear, in hate, in tears (x3)	
In love, in fear, in hate	

This Land is Your Land D

Woody Guthrie

*This land is your land, this land is my land,
From Carlisle-fornia to Walney Island
From Grizedale Forest up to Blencathra
This land was made for you and me*

As I was walking that ribbon of highway
I saw above me that endless skyway
I saw below me that golden valley
This land was made for you and me

I roamed and rambled and I followed my footsteps
to the sparkling shores of her diamond lakesides
While all around me a voice was sounding
This land was made for you and me

When the sun came shining and I was strolling
and the sheep-fields rising and the storm clouds rolling
A voice was chanting as the fog was lifting
This land was made for you and me

Walking on Sunshine Bb

Katrina and the Waves

I used to think maybe you loved me now baby I'm sure
And I just can't wait till the day when you knock on my door
Now every time I go for the mailbox, gotta hold myself down
'Cause I just can't wait 'til you write me you're coming around

*I'm walking on sunshine (Woah!)
I'm walking on sunshine (Woah!)
I'm walking on sunshine (Woah!)
And don't it feel good!*

I used to think maybe you loved me, now I know that it's true
And I don't want to spend my whole life, just waiting for you
Now I don't want you back for the weekend, not back for a day,
I said baby I just want you back and I want you to stay

What a Wonderful World D

George David Weiss, Robert Thiele

I see trees of green, red roses too
I see them bloom for me and you
And I think to myself what a wonderful world

I see skies of blue and clouds of white
The bright blessed day, the dark sacred night
And I think to myself what a wonderful world

*The colors of the rainbow so pretty in the sky
Are also on the faces of people going by
I see friends shaking hands saying how do you do
They're really saying I love you*

I hear babies cry, I watch them grow
They'll learn much more than I'll never know
And I think to myself what a wonderful world
Yes I think to myself what a wonderful world

*The colors of the rainbow so pretty in the sky
Are also on the faces of people going by
I see friends shaking hands saying how do you do
They're really saying I love you*

I hear babies cry, I watch them grow
They'll learn much more than I'll never know
And I think to myself what a wonderful world
Yes I think to myself... what a wonderful world

Wild Mountain Thyme D

Oh the summertime is coming, and the trees are sweetly blooming
And the wild mountain thyme grows around the blooming heather

Will ye go, Lassie go? And we'll all go together

To pull wild mountain thyme all around the blooming heather

Will ye go, Lassie go?

I will build my love a bower near yon' pure crystal fountain

And on it I will pile all the flowers of the mountain

Will ye go, Lassie go?

If my true love she were gone, I would never find another

To pull wild mountain thyme all around the blooming heather

Will ye go, Lassie go?

Yellow Submarine D

Ringo Starr

In the town where I was born
Lived a man who sailed to sea
And he told us of his life
In the land of submarines

So we sailed up to the sun
Till we found the sea of green
And we lived beneath the waves
In our yellow submarine

*We all live in a yellow submarine
Yellow submarine, yellow submarine
We all live in a yellow submarine
Yellow submarine, yellow submarine*

And our friends are all on board
Many more of them live next door
And the band begins to play

As we live our life of ease,
Every one of us has all we need,
Sky of blue and sea of green,
In our yellow submarine.

Longer Songs

Better Planet, A Cm

Dave Camlin & Wild Chorus

The / world is going crazy - it's / clear to you and me

The / temperature is rising, and / so... is the sea

Doing what we can to pre/vent catastrophe

And that's why you should sing...

Plastic in the oceans and / rubbish on the land

Pesticides in soil and / oil on the sand

If we don't act now, the / earth is surely damned

And that's why you should sing...

Sing as if you live in the early days of a better planet

Animal extinctions - the / land is shrinking fast

There's / little time to lose be/fore the die is cast

There's / red sky in the morning, and / shame on all our past

And that's why you should sing...

Let's become the gard'ners and / guardians of the sea

Rather than consumers, be / medicine to heal

Re/store the wilder places that / nourish all our dreams

And that's why you should sing...

Sing as if you live in the early days of a better planet

We / owe it to our children, to / heal our earth and space;

We / owe it to their future to / not be their disgrace;

Save our wounded planet, and re/pair what we've defaced

And that's why you should sing...

Now's the time for change; we / have to face the facts

To/gether we can do it, and / have a big impact

We can make it happen, but we / simply have to act

And that's why you should sing...

Sing as if you live in the early days of a better planet

Fellowship of Hill and Wind and Sunshine C

Geoffrey Winthrop-Young

Upon this mountain summit we are met today
To dedicate this space of hills to freedom.
Upon this rock are set the names of men –
Our brothers, and our comrades upon these cliffs –
Who held, with us,
That there is no freedom of the soil
Where the spirit of man is in bondage,
And who surrendered their part
In the fellowship of hill and wind, and sunshine,
That the freedom of this land,
The freedom of our spirit, should endure.

Happy Fm

Pharrell Williams

Verse 1 (Du du du, du-du du du, be-du du!)
It might seem crazy what I'm about to say
Sunshine she's here, you can take a break
Like a hot air balloon that could go to space
With the air, like I don't care baby by the way,...]

Chorus Because I'm Happy (x4),
Clap along if you feel like a room without a roof
Clap along if you feel like happiness is the truth
Clap along if you know what happiness is to you
Clap along if you feel like that's what you wanna do

Verse 2 (Du du du, du-du du du-u YEAH!)
Here come bad news talking this and that **(yeah)**
well, give me all you got, don't hold it back **(yeah)**
well, I should probably warn you I'll be just fine **(yeah)**
no offense to you, don't waste your time, here's why, because I'm...

Chorus

Break (*Altos and tenors: HUH! HUH! HIGH! HUH! HUH!*) (*Sops: HAPPY!*)
Bring me down, can't nothing bring me down, my level's too (high)
Bring me down, can't nothing bring me down, so let me tell you now Happy,
happy, happy, happy... (I said) Because I'm...

Chorus x2 (YEAH!)

Rain It Raineth Every Day, The Dm

William Shakespeare

When that I was and a little tiny boy,
 With a hey, ho, the wind and the rain,
A foolish thing was but a toy,
 And the rain it raineth every day.

But when I came to man's estate,
'Gainst knaves and thieves men shut their gate,

But when I came, alas! to wive,
By swaggering could I never thrive,

But when I came unto my beds,
With toss-pots still had drunken heads,

A great while ago the world begun,
But that's all one, our play is done,
 And we'll strive to please you every day

Old Straight Tracks G

Dave Camlin

There are ghosts on the road that never ends
We hear their voices sing in the wind
And we welcome them in like long-lost friends
Walking the old straight track
Deep in the granite where the shadows are cast
We walk a straight line down the old straight tracks
And feel the sun against our backs
On the old straight track back home

Keep on walking down the old straight track (x3) back home

Well you can reap your harvest with a silver sickle
But the souls which you seek are invisible
They dive into the water but stir no ripple
Walking the old straight track
We walk in the sun. We walk in the moon
To the driving pulse of a fiddle tune
The rhythm of the earth is in our boots
On the old straight track back home

Keep on walking down the old straight track (x3) back home

We're walking the land, walking the earth,
walking the line between death and birth
Through the grave-cave and the womb-tomb,
walking the land alive!

Well I'm not one to admit defeat
Give me grass and mud before an asphalt street
Feel the earth beneath my feet
Walking the old straight track
In the heat of the summer when the sky is big
We Walk straight tracks as we dance our jig:
Long Meg, Mayburgh, Castlerigg;
The old straight track back home

Keep on walking down the old straight track (x3) back home

One Day Like This G

Elbow

Drinking in the morning sun, blinking in the morning sun
Shaking off a heavy one, heavy like a loaded gun
What made me behave that way? Using words I never say
I can only think it must be love, oh anyway, it's looking like a beautiful day

Someone tell me how I feel, in silly wrong, but vivid right
Oh, kiss me like a final meal, yeah, kiss me like we die tonight
'Cause holy cow, I love your eyes, and only now I see the light
Yeah, lying with you half awake, oh, anyway, it's looking like a beautiful day

When my face is chamois creased, if you think I wink, I did
Laugh politely at repeats, yeah, kiss me when my lips are thin
'Cause holy cow, I love your eyes, and only now I see the light
Yeah, lying with you half awake, stumbling over what to say
Well, anyway, it's looking like a beautiful day

*So throw those curtains wide, one day like this a year would see me right
Throw those curtains wide, one day like this a year would see me right
Throw those curtains wide, one day like this a year would see me right for life
Throw those curtains wide, one day like this a year would see me right for life*

'Cause holy cow, I love your eyes, and only now I see the light
*So throw those curtains wide, one day like this a year would see me right
Throw those curtains wide, one day like this a year would see me right
Throw those curtains wide, one day like this a year would see me right for life
Throw those curtains wide, one day like this a year would see me right for life*

Place Where You Earned Your Name G

Simon Kay

*In Workington , Whitehaven, Cockermouth town
The sun's coming up and the rain's coming down
You may move away but you'll keep coming round
To the place where you earned your name*

You play / 'Uppies and Downies' and support 'The Town'
You / drink in the Apple Tree, Oak and The Crown
You / try to walk home but you keep falling down
In the / place where you earned your name

You go / busking in Keswick, and dancing around
And the / people walk by, and some laugh and some frown
But you / take all their money and you drink it all down
In the / place where you earned your name

And / day trips to Allonby lying on the sand
The / water is freezing but the weather is grand
You've got a / Twentyman's ice cream melting in your hand
In the / place where you earned your name

And / Sellafield sunsets are fiery and bright
The / blaze across Scotland if flooding the night
It's / all going wrong and it's all going **'right!'**
In the place where you earned your name

Rise Up Bm

Karine Polwart

I walked on the shore (I walked on the shore)
You swam in the sea (You swam in the sea)
I sang to the shells and the rocks and sand
You sang with me (You sang with me)

You bathed in the sun (You bathed in the sun)
I lay in it too (I lay in it too)
You sang to the birds and the boats and tide
I sang with you (I sang with you)

Rise up, and go easy (x3) in this world

I slept in the wood (I slept in the wood)
Right under a tree (Right under a tree)
I sang to the oak and the beech and pine
You sang with me (You sang with me)

You gave me a rose (You gave me a rose)
All covered in dew (All covered in dew)
You sang to the ivy, the moss and fern
I sang with you (I sang with you)

Rise up, and go easy (x3) in this world

Shotgun D

George Ezra

Homegrown alligator, see you later, gotta hit the road, gotta hit the road
Something changed in the atmosphere, architecture unfamiliar, I could get used to this
Time flies by in the yellow and green, stick around and you'll see what I mean
There's a mountaintop that I'm dreaming of, if you need me you know where I'll be
I'll be riding shotgun underneath the hot sun, feeling like a someone (someone) (x2)

We're south of the Equator, navigator, gotta hit the road, gotta hit the road
Deep sea diving 'round the clock, bikini bottoms, lager tops, I could get used to this
Time flies by in the yellow and green, stick around and you'll see what I mean
There's a mountaintop that I'm dreaming of, if you need me you know where I'll be
I'll be riding shotgun underneath the hot sun, feeling like a someone (someone) (x2)

We got two in the front (hey), two in the back (hey)
Sailing along and we don't look back (back, back)
Time flies by in the yellow and green, stick around and you'll see what I mean
There's a mountaintop that I'm dreaming of, if you need me you know where I'll be
I'll be riding shotgun underneath the hot sun, feeling like a someone (someone) (x4)

World on our Shoulders C#m

We have called it out, we have said it loud, what now?
From a single voice to the greatest crowd, what now?

With our arms wide open (time for a change)
For every drop in the ocean (we stand today)
We make a resolution (time for a change)
We say, tomorrow's a new day

I'm here standing with you, here standing with me
Standing with the world on our shoulders (x2)

We can plant the seeds, we can make a change right now
For a better world, for a better place right now

With our arms wide open (time for a change)
For every drop in the ocean (we stand today)
We make a resolution (time for a change)
We say, tomorrow's a new day

I'm here standing with you, here standing with me
Standing with the world on our shoulders (x4)
